Greater Pensacola Area
Public Relations Report
February 15, 2010

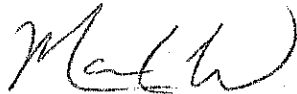

The Public Relations Committee met yesterday, February the 14th at 4300 Bayou Blvd., Suite 35 in Pensacola. Rusty attended the meeting. We discussed the PR Flyers and PSAs. I have copies of the PR flyers with the Pensacola and the Fort Walton phone numbers available tonight.

825 updated meeting schedules are available at this time. If more are needed, please contact me at (850) 261-8446.

The copier is still at the halfway house. We need some volunteers and a truck so we can move it. It can be placed at my office until a better site becomes available, which I hope is soon. If anyone in the Area needs copies, email me the document at wmmw@cox.net or fax it to me at (850) 479-3891. I can have them printed by the next day.

This committee still needs help!

Thank you for allowing me to serve,

Mark W

Other Issues that Will Be Discussed at WSC 2010

Those of you who read and discuss the *CAR* every two years will remember that the past several *CARs* have contained discussion questions, usually about the Issue Discussion Topics. This year, we don't have any particular questions to ask about the IDTs, but we are trying something new here on this summary page in briefly mentioning some of the other issues that we know will be discussed at the conference. We encourage you to read the related essays in this *CAR*.

Service System (page 8)

At WSC 2010, we will be discussing options for improved service delivery throughout all components of our service system: structure, process, people, and resources. We want to forward these discussions through the 2010–2012 cycle. We encourage everyone to read the essay on page 8 to gain all of the background information and share your ideas with your delegate so that we can have fruitful discussions at the conference and beyond.

NAWS Resources (page 17)

We have all been affected by the economic downturn, some of us more directly than others. In this *CAR* we discuss NAWS resources, and the *Annual Report* provides more detailed information. We are continuing to seek ways to cut costs at world services while reducing the impact on service delivery as much as possible. One of the items we will discuss with conference participants is *The NA Way Magazine*. We understand there is some benefit from this magazine to our members and to NAWS, yet we are aware of the waste that comes from automatic distribution of paper copies to all registered NA groups. We would like to discuss possible solutions with conference participants and to try changes in distribution before making any changes to policy. Please read the essay on page 17 and help your delegate come ready to discuss our *NA Way* distribution practices.

Literature Development (page 28)

Several of the regional motions in this *CAR* focus on some aspect of the literature development process. We hope to have a more holistic discussion at the conference about the literature development process, including how to more effectively involve interested members. How realistic is our current review and input process with our worldwide

membership, and does this process positively affect our literature? Does a lengthy approval process make sense when approval is simply a "yes" or "no" for a completed work? What literature processes would serve us best today and in the future? We look forward to discussing all of these issues at the conference. Please read the essay on page 28 and share your thoughts with your delegate.
